## EVENTS

**We can come to your house or venue if the party is big enough. We have trained bar staff and servers at the ready so let us quote your next function. Weddings, birthdays, even 70's themed cocktail parties... we've had a go at all of it and are ready to talk about your next big event.**

We make all the food from scratch with local and seasonal produce. We have good relationships with all our suppliers to ensure we get the best stuff around. We might not be the cheapest but well leave your guests with full bellies and a smile.

*We can also hire out our café space. It fits about 60 sitting or 100 standing. We are not licensed so the space is only available for booze free events right now. All enquiries to [welcomeeatery@gmail.com](mailto:welcomeeatery@gmail.com)*
